Your Health is Our Business

To Whom It May Concern:

This communication is in regards to Ms. Fannie LeFlore, whom I've had a professional relationship with in a number of capacities over the last eight (8) years or so. During this time I've found Ms. LeFlore to be the consummate professional—particularly in the consultant and entrepreneurial phase of her career. Her writing and editing are superb; her work ethic rare in these days.

Aside from working as an employee at Milwaukee Health Services in our Behavioral health Department, Ms. LeFlore produced our Annual Report, created and edited our quarterly Newsletter, and was instrumental in the construction and design of much of the printed material that describes our services.

In my capacity as President & CEO, of Milwaukee Health Services, Inc. I feel that our company has benefited greatly from the expertise and hard work that we've gotten from Ms. LeFlore. I hesitate not at all to highly recommend her in the areas of her competency.

Sincerely,

C.C. Henderson
President & CEO
